Double Sided Foam Tape

Product Description:

11638DST Series Double sided foam tape consisting a foam backing on a release film coated with acrylic adhesive.

Product Feature:

- *Soft, conformable foam adapting to structured surfaces
- *Shock absorption and sealing function
- *UV resistance
- *Suitable for bonding material onto rough surfaces

Application:

- *Furniture industry
- *Electronic
- *Automotive industry
- *Nameplate
- *Metal, glass, plastic, wood, leather
- *Wheel weight

Construction:

- Liner
- Acrylic Adhesive
- PE Foam
- Acrylic Adhesive

Properties:

Color	White	Black
Carrier	PE Foam	PE Foam
Adhesive	Acrylic Adhesive	Acrylic Adhesive
