GLASSFAB

### Flash Breaker Tape

#### *Product Description:*

- \* The tape consisting of a polyester film backing, single side coated with silicone adhesive.

#### *Product Feature:*

- \* High temperature resistance
- \* Strong adhesion
- \* Flexible and conformable
- \* Peeled off without leaving an adhesive residue

#### *Application:*

- \* Powder coating masking
- \* High temperature painting
- \* Galvanization

#### *Construction:*

Polyester Film

Silicone Adhesive

#### *Properties:*

Color	Blue
Carrier	Polyester
Adhesive	Silicone
Total Thickness (mm)	0.06( $\pm 0.005$ )
Peel Adhesion (N/25mm)	$\geq 6$
Heat Resistance (°C)	180
Width (mm)	500 (Custom Available)
Standard Length (m)	33/66 (Custom Available)
